RE: Petition of the Office of Regulatory Staff Requiring Condor Environmental,
Incorporated to Verify Authorized Rates and Charges - Docket No. 2021-168-S

Dear Mr. Butler:

On behalf of our client Condor Environmental, we are inquiring on two issues related to the Commission's July 14, 2021, Directive in this case.

1. With regard to the refunds ordered, the Directive states that the refunds shall be issued in two installments "beginning with the billing cycle following the issuance of the Commission's order approving the proposal." The Order has not yet been issued, but Condor would like to include the refunds in the August billing cycle, which is nearly upon us. Condor respectfully requests that you rule on the matter in your capacity as Chief Hearing Officer so that we can send out the notifications and post the credits for August 2021.
2. Yesterday Condor filed a proposed order for Commission approval in line with the Commission's Directive. Today ORS filed its letter notifying the Commission that

it had completed its billing review. As a result of ORS' filing, the terms of Condor's proposed order relating to ORS' completion of its billing review, and the Commission holding any future Condor request for approval of unnoticed or unapproved WW fees in abeyance pending completion of that review have been overtaken by events. We submit that these provisions would no longer be required in the Commission's Order.

Respectfully,
